Workshop on Strategies for Effective Clinical Teaching held at HCN

By OUR STAFF REPORTER DEHRADUN, 29 Aug: The faculty and PG students of Himalayan College of Nursing, Swami Rama Himalayan University, organised a one-day workshop on 28 August.

The workshop was held under the supervision of Dr Sanchita Pugazhendi, (Chairperson), Principal, Himalayan College of Nursing, and Dr Rajkumari Sylvia Devi (Secretary), Associate Professors, Himalayan College of Nursing, SRHU.

The objective was to strengthen knowledge of strategies for effective clinical teaching and develop insights into the different clinical teaching-learning methods.

The workshop included different methods of clinical learning and importance of selecting appropriate clinical assignments and activities for effective student learning outcomes.

It helped the participants to understand that designing appropriate activities in

appropriate settings allows the student to experience learning in a better way.

There were around 66 participants from various courses including Post Basic BSc Nursing, MSc Nursing and Faculty of Nursing.

The workshop started with the unfolding of the theme and brief introduction of the workshop by Dr Rajkumari Sylvia Devi,

followed first by the scientific session on Choosing Clinical Learning Assignments and outcomes and then a session on Process of Clinical Teaching and 3rd session on Case Method & Case Study.

Present at the inaugural ceremony were Dr Sanchita Pugazhendi and Dr Kathleen, Nursing Advisor, SRHU.

The event began with the

ceremonial lighting of lamp by the Chairperson, Secretary, and HODs of various departments of HCN. Sagrika Rana welcomed the gathering.

Later, Dr Sanchita Pugazhendi, addressed the gathering. She appreciated the work of the organisers for the successful execution of the workshop.

Various resource persons on

Simulation - Based Demonstration, Self-Directed Learning Activities, Clinical Conference & Discussion, and Nursing Rounds & Reports, Process Recording and Factors Affecting Clinical Teaching took further scientific sessions.

The event was followed by the valedictory session. The seminar ended with a vote of thanks proposed by Himanshu.
