REPORT OF WORKSHOP ON PEDIATRIC LIFE SUPPORT

Name of Activity: Pediatric Life Support

Date: 19 to 21 November, 2024

Facilitators: Dr. Vandana Chauhan and Mrs. Namrata Pundir

Time: 8:30 am to 1:30 pm

Venue: Skill and Simulation Lab, Himalayan Institute of Medical Sciences

Number of Students: 138

The Child Health Nursing Department of Himalayan College of Nursing organized a workshop on "Pediatric Life Support (PLS)" from 19 to 21 November, 2024 in Skill and Simulation Lab, Himalayan Institute of Medical Sciences. The objective of the workshop was to upgrade the skills of beneficiaries about emergency care of children. The workshop was conducted for 3 days with different three groups (Group 1,2 and 3) of B.Sc. Nursing 6th Semester. PLS was started on 19.11.2024 at 8:30 am for group 1 with registration of candidates. Pretest was taken through Google form. Dr. Vandana Chauhan welcomes the faculties and beneficiaries and further provided a brief introduction of pediatric life support.

In the workshop, there were three stations:

1. Work Station 1: Child CPR
2. Work Station 2: Airway Management
3. Work Station 3: Medications used during CPR and Respiratory Distress and Failure

Students were divided into 3 groups and rotated to the each station for one hour. Each workstation has facilitator who demonstrated the procedure to the beneficiaries with adequate explanation and re-demonstration was also taken from the students on each stations.

After covering all workstations, scenario-based skill regarding PLS was assessed and different scenarios were given to the participants. They performed given task skillfully to the facilitator. Students were very enthusiastic and performed actively with learned steps. Workshop was ended with post test, feedback, and vote of thanks.
