Topic: “Complex Regional Pain syndrome- Physiatrist’s Approach.”

Speaker: Dr Rambeer Ghuleliya
Assistant Professor & In-Charge
Physical Medicine and Rehabilitation (PMR), HIMS

Abstract:

CRPS (Complex Regional Pain Syndrome) is a complex and challenging condition that requires proper diagnosis, management, and treatment. Physiatrists, or rehabilitation medicine specialists, are considered experts in the management of CRPS due to their unique training and expertise in diagnosing and treating conditions that involve pain, functional impairment, and rehabilitation. CME on CRPS is essential for improving the quality of care and outcomes for individuals suffering from this challenging condition. This CME will empower healthcare professionals to provide informed, effective treatment that can significantly enhance patients' lives.

All Faculty & Post Graduate Residents are required to attend the CME.
