

Healthcare Simulation Workshop: 16th & 17th August 2024

The Workshop was held from 16th & 17th August 2024, at HIMS, Dehradun.

A total of 29 medical faculty & 12 nursing staff participated in the workshop held from 16th & 17th August 2024, from various Medical Colleges pan India. Participants from New Delhi, West Bengal, Chhattisgarh, Himachal Pradesh, Punjab, Uttar Pradesh, and Uttarakhand had participated with lot of enthusiasm. Moderation of all sessions were done in Interactive mode, by resource faculties from HIMS, Dehradun, AIIMS Rishikesh & AIIMS New Delhi. In order to incorporate realism the participants were unveiled to High-fidelity patient simulators. To provide effective simulation-based medical education, debriefing tools were introduced. By innovative teaching-learning skills, Moulage techniques were integrated to improve fidelity, participants were explained about crisis management using simulation and In situ simulation techniques. To make the session more interactive and valuable participants were divided into breakout rooms in 04 different simulation sessions with varied scenarios, running simultaneously. The participants were keen to learn

about the new techniques and underwent live clinical exposure through debriefing sessions & various simulation techniques in concordance with small group activities during the workshop, after the debriefing sessions by the expert faculty, moderators let participants perform debriefing. Participants upgraded themselves with the recent changes, as discussion of diverse scenarios and events after the simulation's conclusion allowed participants to solidify clinical knowledge and improve future performance. The group activities by the participants spawned lot of fruitful ideas & suggestions during the workshop.
