

The Curriculum Implementation Support Program (CISP) Workshop: 26th to 27th April 2024

The Curriculum Implementation Support Program in MET was held from 26th to 27th April 2024, at HIMS, Dehradun. A total of 27 faculty members participated in the CISP held from 26th to 27th April 2024, from various Medical Colleges allocated to this Regional Centre. The schedule followed for the workshop was as recommended by NMC. All sessions were moderated in an interactive mode, fostering engaging discussions and active participant engagement. The student-doctor method of teaching was appreciated by participants though they expressed that the clinicians often have time constraints due to which small group discussions and bedside teaching becomes a challenge. The workshop focused on effective teaching learning methodologies and use of appropriate assessment tools. The interactive group activities encouraged participants to share their thoughts and insights, leading to a rich exchange of ideas and numerous suggestions that enriched the workshop experience. However, the participant's boundless enthusiasm was truly inspiring, serving as a testament to the workshop's success.
