Dated: 10th December 2025

Notice

The School of Science and Technology is organizing a two-days Guest Lecture titled “**Web3 Unlocked: The Blueprint of the Decentralized Future**” to introduce students to the next generation of internet technologies and decentralized ecosystems.

Objective of the Guest Lecture

1. To understand the core principles of decentralized blockchain networks, including distributed ledgers, consensus mechanisms, and smart contracts.
2. To examine foundational Web3 technologies such as Ethereum, Layer-2 scaling, token standards, and decentralized applications (dApps).
3. To explore blockchain-driven innovations including DeFi (Decentralized Finance), NFTs (Non-Fungible Tokens), DAOs (Decentralized Autonomous Organizations), and digital asset management.
4. To analyze real-world blockchain use cases in supply chain transparency, identity verification, healthcare data security, fintech, energy trading, and government services.
5. To identify current industry challenges such as scalability, interoperability, energy consumption, regulation, and cybersecurity in blockchain ecosystems.
6. To highlight career opportunities and emerging roles in the blockchain sector such as blockchain developer, smart contract engineer, crypto analyst, Web3 architect, and DeFi strategist.
7. To motivate students to explore blockchain research, hackathons, developer tools (Solidity, Web3.js, Hardhat, Remix), and entrepreneurship opportunities in decentralized technology.

Event Details

- **Dates:** 12th December 2025 at ADI Kailash Auditorium, Near Emergency Building.

&

13th December 2025 at Visvesvaraya Auditorium, School of Science & Technology.

- **Target Audience:** School of Science and Technology Students (**B.Tech / MCA / B.Sc. Data Science**)

Speaker Details:

- **Dr. Anuj Kumar Garg**
- **Vice President – Blockchain, Zebpay (New Delhi, India)**
- **Expertise:** Web3 technologies, decentralized finance (DeFi), smart contracts, digital asset management, crypto strategy, and blockchain ecosystem development.

All SST students (B.Tech/MCA/B.Sc Data Science) are encouraged to attend and gain valuable exposure to cutting-edge Web3 advancements.

For further details, please contact:

- **Dr. Ashutosh Bhatt**, Associate Professor, Department of Computer Science and Engineering, School of Science & Technology, Swami Rama Himalayan University

Swami Rama Himalayan University

1. This has reference to your letter No. SRHU/SST/Int./2025-395 dated 09.12.2025, seeking approval of the following:

- (a) To organize a Guest Lecture for the students of School of Science and Technology on the topic: **"Web3 Unlocked: The Blue print of the Decentralized Future"** at ADI Kailash Auditorium, SRHU from 12th to 13th December 2025.
- (b) To invite Dr. Anuj Kumar Garg, Vice-President, Blockchain in Zebpay, New Delhi.
- (c) Sanction of budget (Rs 14,500/-) to be incurred towards honorarium for the guest speaker (Rs 5,000/-), travel expenses (Rs 8,500/-) and Banner expenses (Rs 1,000/-).
- (d) Arrangement of accommodation & meal at the University Guest House for the above guest on the above-mentioned dates.

2. The permission of the competent authority, is hereby conveyed, for the above said purposes.

3. You shall submit a report of the above activity to the Office of the Registrar within two (02) days of its completion.

Report

- **Title of the Event/Activity:** Two-Day Guest Lecture on “Web3 Unlocked: The Blueprint of the Decentralized Future”
- **Event Date:** 12th & 13th December 2025
- **Venue:** Adi Kailash Auditorium, Near Emergency Building, Swami Rama Himalayan University, Dehradun
- **Organized by:** School of Science & Technology, Swami Rama Himalayan University
- **Participants:** Students of B.Tech, MCA, and B.Sc. Data Science programs
- **Coordinator:** Dr. Ashutosh Bhatt, Associate Professor, School of Science & Technology, Contact: 7895533079
- **Resource Person Details:** Dr. Anuj Kumar Garg, Vice President – Blockchain, Zebpay, New Delhi,
Specialization in - Web3 technologies, decentralized finance, smart contracts, digital asset management, crypto strategy, blockchain ecosystem development,
Email Id – anuj.garg@zebpay.com

- **Summary / Overview:**

The School of Science and Technology (SST), Swami Rama Himalayan University, successfully organized a two-day Guest Lecture titled “**Web3 Unlocked: The Blueprint of the Decentralized Future**” on **12th & 13th December 2025**. Prof. (Dr.) Pramod Kumar, Dean, School of Science & Technology welcome the speaker. The event aimed to introduce students to the rapidly evolving landscape of Web3 technologies and decentralized digital ecosystems.

- **Objective of the Event**

The guest lecture was designed to:

- Provide a foundational understanding of Web3 and decentralization.
- Explain blockchain fundamentals, smart contract architecture, and secure digital asset handling.
- Explore real-world applications of Decentralized Finance (DeFi) and industry use-cases.
- Equip students with insights into emerging career opportunities in the Web3 ecosystem.

- Promote awareness of technological trends, future innovations, and challenges in decentralized systems.

- **Speaker Profile**

The keynote sessions were delivered by Dr. Anuj Kumar Garg, Vice President – Blockchain, Zebpay, **New Delhi**. Dr. Garg, an expert in Web3 technologies, DeFi, smart contracts, digital asset management, crypto strategy, and blockchain ecosystem development, provided deep industry insights and practical perspectives to the participants.

- **Event Highlights**

- Engaging sessions on Web3 architecture, blockchain layers, and decentralized applications.
- Live demonstrations of smart contract workflows and secure wallet usage.
- Real-life case studies from DeFi, supply chain, digital identity, and tokenization.
- Interactive Q&A sessions addressing student queries on blockchain careers and emerging roles.
- Discussions on challenges like scalability, security, regulatory concerns, and global adoption trends.

- **Outcome of the Event**

The guest lecture achieved its intended objectives and delivered significant value to attending students:

- Students gained a strong conceptual foundation in Web3, blockchain, and decentralization.
- Real-world examples helped students relate theoretical concepts to practical applications.
- Participants learned about essential skills required for Web3 roles such as blockchain development, smart contract auditing, and crypto-asset management.
- The sessions inspired students to explore new career avenues in blockchain and decentralized ecosystems.
- Attendees developed awareness of upcoming technology trends, innovation pathways, and potential research opportunities in Web3.
