

DEPARTMENT OF OTORHINOLARYNGOLOGY
Himalayan Institute of Medical Sciences
{Rehabilitation Unit of Speech and Hearing}

Report

The Rehabilitation Unit of Speech & Hearing, HIMS, organized an interactive academic session on **12th August 2025** with **Ms. Jenna Sandell**, (Foreign Delegate and Speech Therapist) specializing in **Trauma & Stroke Rehabilitation**.

The session was held in the **BASLP Seminar Hall, HIHT**, and was attended by BASLP undergraduate students, postgraduate trainees, and faculty members. Ms. Sandell shared her expertise on “**Recent advances in speech therapy for patients with trauma and stroke**”, emphasizing evidence-based techniques and multidisciplinary approaches in rehabilitation.

Students actively participated in the **discussion** and benefitted from the real-life case experiences shared by Ms. Sandell. The program aimed to enrich the knowledge of students and healthcare professionals, and it successfully created awareness about global practices in speech-language pathology.

The visit was highly appreciated by the faculty and students, and it provided valuable exposure to international perspectives in speech therapy and rehabilitation.
