Topic: "Awareness Talk on Organ Donation"

Presenter: Mr. Sanchit Arora, Project Leader, MF, Uttarakhand, Stationed at AIIMS Rishikesh.

Abstract:

Organ donation, though a relatively new and niche field in India, holds immense potential to save lives amid rising cases of diabetes and hypertension leading to organ failure. Despite advancements in transplantation and medical infrastructure, the country faces a severe shortage of donor organs, with a donation rate of only 0.7 per million populations. MOHAN Foundation has been actively promoting organ donation in Uttarakhand through extensive awareness programs, reaching over 8,000 individuals since January 2024. These initiatives have begun to yield positive results, including the first deceased organ donation at AIIMS Rishikesh.

The upcoming awareness session aims to spread awareness among the participants on the medical, ethical, and social dimensions of organ donation, dispelling myths and encouraging youth participation. By fostering empathy and informed action, the session aspires to build a culture that embraces organ donation as a vital act of compassion and responsibility.
