

HIMALAYAN INSTITUTE OF MEDICAL SCIENCES

DEPARTMENT OF RADIATION ONCOLOGY

Date: Saturday, 10 May 2025

NOTICE

This is to formally notify all concerned that a Continuing Medical Education (CME) programme titled: Recent Advancements in Thoracic Oncology is being organized in academic collaboration with the Uttarayan Cancer Foundation the CME is scheduled as follows:

Date: Saturday, 10th May 2025

Time: 7:00 PM (Revised)

Venue: Hotel JSR Continental, Near Rispana Pull, Dehradun

The objective of this academic programme is to provide participants with up-to-date knowledge and clinical perspectives on thoracic malignancies, focusing on recent innovations in diagnostics and therapeutics. The scientific agenda will include expert talks, keynote lectures, and case-based multidisciplinary panel discussions.

Introduction Speaker

Dr. Vipul Nautiyal, Professor & Head, HIMS

Distinguished speakers and faculty include

Dr. Jaskarn Singh, Senior Consultant, Radiation Oncology, RGCI, Delhi

Dr. L.M. Darlong, HOD, Thoracic Surgery, Delhi

Multidisciplinary Panel Discussions

Case 1: Gastrointestinal Malignancy*

Moderator: Dr. Mansi Barthwal

Panellists:

Dr. Akash Gaiind, Dr. Daulat Singh, Dr. Pankaj Garg, Dr. S.K. Verma, Dr. Amit Sherawat,

Dr. Monika, Dr. Viney Kumar, Dr. Madilwalesh, Dr. Ajeet Tiwari, Dr. Sachin Arora,

Dr. Ankit Batra, Dr. Sweety Gupta

Case Carcinoma Lung:

Moderator : Dr. Anmol Mahani

Panellists:

Dr. Nadia, Dr. Saurabh Bansal, Dr. Rachit Ahuja , Dr. Saurabh Tiwari, Dr. Renu Sharma,
Dr. Gurpreet , Dr. Manisha Patnayak, Dr. Deepa Joseph, Dr. Abhishek Kandwal, Dr. Vishu,
Dr. Sudip, Dr. Rahul Kumar , Dr. Varuna

Open House Discussion & Closing Remarks:

By Dr. Sunil Saini , Director & Professor, HIMS

Senior consultant from Medical, Surgical and Radiation Oncology as well as Pathology,
Pulmonology and Nuclear Medicine .

Key highlights:

Advance in radiation therapy techniques form thoracic cancers

Role of Cyber Knife in precision oncology

Multidisciplinary case discussions (GI and Lung Cancers)

Open house discusson and expert interaction

Ally faculty members, postgraduate residents and students are cordially invited to atten

Active participation is encouraged

REPORT

Continuing Medical Education (CME): “Recent Advancements in Thoracic Oncology”

Date: Saturday, 10th May 2025

Time: 7:00 PM onwards

Venue: Uttarayan Cancer Foundation, Hotel JSR Continental, Near Rispana Pull, Dehradun

Organized by: Department of Radiation Oncology, Himalayan Institute of Medical Sciences (HIMS)

In Academic Collaboration With: Uttarayan Cancer Foundation

Introduction

A Continuing Medical Education (CME) programme titled “Recent Advancements in Thoracic Oncology” was conducted on Saturday, 10th May 2025, organized by the Department of Radiation Oncology, Himalayan Institute of Medical Sciences (HIMS) in academic collaboration with the Uttarayan Cancer Foundation. The venue for the CME was Hotel JSR Continental, Dehradun, and it witnessed active participation from oncologists, residents, academicians, and medical professionals from various specialties.

Objective of the CME

The primary aim of the programme was to provide a comprehensive update on thoracic malignancies, emphasizing the latest developments in diagnostics, therapeutics, and patient-centred approaches. The agenda was designed to promote academic exchange and interdisciplinary collaboration through keynote lectures and panel-based case discussions.

Opening Session

The CME commenced with a Welcome Address and Introduction by Dr. Vipul Nautiyal, Professor and Head, Department of Radiation Oncology, HIMS. He highlighted the importance of staying abreast of emerging technologies and multi-modality treatment approaches in thoracic oncology.

Scientific Sessions

Keynote Address 1:

Topic: Recent Advancements in Radiation Oncology – From Cure to Quality of Life

Speaker: Dr. Jaskarn Singh, Senior Consultant, Radiation Oncology, Rajiv Gandhi Cancer Institute, Delhi

This session focused on the evolution of radiation therapy techniques—from conventional radiotherapy to precision modalities such as IGRT and SBRT—and their role in improving patient quality of life while achieving oncologic control.

Keynote Address 2:

Topic Precision Beyond the Scalpel – CyberKnife

Speaker Dr. L.M. Darlong, HOD, Thoracic Surgery, Delhi

Dr. Darlong presented compelling insights into the role of CyberKnife stereotactic radiosurgery, particularly in treating tumors in surgically challenging locations, emphasizing accuracy and patient tolerability.

Multidisciplinary Panel Discussions

Case 1: Gastrointestinal (GI) Malignancy

Moderator: Dr. Mansi Barthwal

ellists:

Dr. Akash Gaiind, Dr. Daulat Singh, Dr. Pankaj Garg, Dr. S.K. Verma, Dr. Amit Sherawat

Dr. Monika (Pathology), Dr. Viney Kumar, Dr. Madilwalesh, Dr. Ajeet Tiwari, Dr. Sachin Arora, Dr. Ankit Batra, and Dr. Sweety Gupta

The session focused on a complex GI cancer case, with detailed input on diagnostic dilemmas, therapeutic sequencing, surgical planning, and individualized patient care.

Case 2: Carcinoma Lung

Moderator: Dr. Anmol Mahani (Radiation Oncology)

Panellists:

Dr. Nadia (Pathology)

Dr. Saurabh Bansal, Dr. Rachit Ahuja (Radiation Oncology)

Dr. Saurabh Tiwari, Dr. Manisha Patnayak, Dr. Deepa Joseph, Dr. Abhishek Kandwal (Surgical Oncology)

Dr. Runu Sharma, Dr. Ankit Batra (Medical Oncology)

Dr. Vishu, Dr. Sudip (Nuclear Medicine)

Dr. Rahul Kumar (Pulmonary Medicine)

This case brought forth a holistic discussion on lung cancer management, focusing on early detection challenges, advanced imaging, molecular profiling, surgical considerations, and integration of systemic therapies. The discussion also emphasized the growing importance of immunotherapy and nuclear medicine in treatment planning.

Closing Session

The CME concluded with an Open House Discussion and Closing Remarks by Dr. Sunil Saini, where participants reflected on the day's learning and the need for continued multidisciplinary synergy in oncologic care. Feedback from attendees praised the scientific quality, relevance, and collaborative format of the event.

Key Outcomes

Dissemination of cutting-edge knowledge on thoracic oncology advancements

Enhanced interaction between specialists across oncology disciplines

Reinforcement of evidence-based, patient-centred approaches in cancer care

Encouragement of collaborative academic exchange and networking
