

SWAMI RAMA HIMALAYAN UNIVERSITY
OFFICE OF THE REGISTRAR

SRHU/Reg./Int./2025- 873

Date: 28th November 2025

The Dean
School of Biosciences
Swami Rama Himalayan University

1. This has reference to your letter No. SRHU/SBS/2025-97 dated 27.11.2025, seeking approval for the following:

(d) To organize a Guest Lecture and students interaction with Dr. Shashi Ranjan, Vice-President, R&D and International Business Development, Natural Herbs and Formulations Ltd., Roorkee on Phyto-pharmaceuticals & Micronutrient Fortification of processed foods on 02.12.2025 at Har Govind Khurana LT- 7, School of Biosciences, SRHU.

(e) Honorarium for the above guest, as per the University rules.

(f) Arrangement of lunch for four (04) persons at University Guest House.

2. The permission of the competent authority, is hereby conveyed, for the above purposes.

28/11/2025

Registrar

Copy to:

Hon'ble President

Hon'ble Vice-Chancellor

Director General (Academic Development)

Pro-Vice Chancellor

Finance Officer

Manager, Estate - to provide lunch for the guest, chargeable to the University Account.

} for kind information please

SCHOOL OF BIOSCIENCES

Report on Guest Lecture

A guest lecture and student interaction session was successfully organized by the **School of Biosciences, Swami Rama Himalayan University (SRHU)** on **02 December 2025** at **HSET Auditorium**.

The guest speaker for the session was **Dr. Shashi Ranjan, Vice-President, R&D and International Business Development, Natural Herbs and Formulations Ltd., Roorkee**. He delivered an expert lecture on the topic **“Phyto-Pharmaceutical & Micronutrient Fortification of Processed Foods.”**

During the lecture, Dr. Ranjan highlighted the significance of phyto-pharmaceuticals in modern healthcare and discussed recent developments in plant-based drug formulations. He also elaborated on the importance of micronutrient fortification of processed foods in addressing nutritional deficiencies and improving public health. The lecture included real-world industry examples, regulatory perspectives, and insights into research and development practices.

A total of **136 students** attended the session and actively participated in the interactive discussion that followed the lecture. Students raised several questions related to product development, quality assurance, regulatory requirements, research opportunities, and career prospects in the phyto-pharmaceutical and food biotechnology industries. Dr. Ranjan addressed the queries in detail, making the session highly engaging and informative.

The guest lecture proved to be highly beneficial for both students and faculty members, as it effectively bridged the gap between academic knowledge and industrial applications. The program concluded with a vote of thanks to the guest speaker for his valuable contribution and to the organizing team for the successful conduct of the event.
