• **Event Schedule and Highlights:**

- Introduction to the significance of World AIDS Day.
- Expert lecture by Prof. Dr. Alka Aggarwal on HIV/AIDS awareness and prevention.
- Discussion on myths vs. facts regarding HIV transmission.
- Emphasis on early testing, responsible behaviour, and eliminating stigma.
- Encouragement for students to share accurate information within their communities.

• **Objectives:**

- To create awareness about HIV/AIDS and its global impact.
- To educate students on the modes of transmission and preventive measures.
- To encourage early testing and responsible health practices.
- To help students treat people living with HIV with respect and without any stigma.
- To inspire students to become informed and responsible youth advocates for public health.
- To encourage students to share correct health information and act responsibly in promoting public health.

• **Number of Participants:** 54 Students

• **Outcome/Achievement:**

The session helped students clearly understand the difference between HIV and AIDS, emphasizing that both are not the same. Students learned that HIV is a virus that weakens the immune system, whereas AIDS is the advanced stage of HIV infection.
