

**Himalayan College of Nursing  
Swami Rama Himalayan University  
Jolly Grant, Dehradun**

**REPORT - WORKSHOP ON RESEARCH METHODOLOGY**

**Name of Activity:** Workshop on Research Methodology

**Date:** 19-02-25 & 25-02-25 (2 days)

**Time:** 8:30am to 4:30pm

**Venue:** Mother Teresa Auditorium

**Number of students:** 141

Himalayan College of Nursing organized a two-day Research Methodology Workshop aimed at providing valuable knowledge on research processes for undergraduate B.Sc. Nursing students. The workshop took place on the 19<sup>th</sup> and 25<sup>th</sup> of February 2025, designed to equip students with the essential tools and techniques for conducting research in the nursing field. This workshop was a significant initiative to introduce students to the core aspects of research methodology, enabling them to understand and apply these concepts in their academic and professional practice. The workshop covered key research topics, including the research process, from identifying a problem to presenting findings. Students learned how to formulate a research problem, conduct a literature review, and choose appropriate research methodologies. Sampling techniques and data collection methods, such as surveys and interviews discussed, along with ethical considerations and the importance of a pilot study. Data analysis and presentation techniques covered as well as how to discuss findings, make recommendations, and communicate research effectively. At the end of the workshop, feedback received from the participants to gather insights into areas of improvement. The students appreciated the practical approach and detailed explanations of each topic. The interactive sessions, along with the group activities during session praised by the participants.
