Report of the Conference on Hernia Vision 2025

Respected Sir,

Conference on Hernia Vision 2025 at Himalayan Institute of Medical Sciences, Jolly Grant, Dehradun

The Department of General Surgery, in association with the Association of Minimal Access Surgeons of India (AMASI), hosted a ground-breaking two-day conference titled "**Hernia Vision 2025**" on February 14th and 15th, 2025, at the Himalayan Institute of Medical Sciences (HIMS), Jolly Grant, Dehradun. The event brought together leading experts in the field to discuss the latest trends and advancements in hernia surgery, focusing on innovative surgical techniques and the future of hernia management.

The conference was officially inaugurated by **Dr Ashok Deorari**, Principal of HIMS SRHU, who graciously chaired the inauguration ceremony. His address highlighted the importance of such academic events in fostering the exchange of knowledge and expertise among surgeons and healthcare professionals. **Dr Vijendra Chouhan** also contributed to the ceremony, lending support to the event's mission of advancing hernia care.

The **Organizing Chairman, Dr Hemant Nautiyal**, delivered the opening remarks and spoke in-depth about the **importance of laparoscopic anatomy in the management of inguinal hernia**. His insightful presentation set the tone for the conference, emphasizing the crucial role of understanding anatomical intricacies for successful laparoscopic hernia repair.

The conference featured an impactful **Oration** by **Dr Parveen Bhatia**, Director, Bhatia Global Hospital New Delhi a distinguished expert in laparoscopic surgery. Dr Bhatia addressed "**Common Mistakes in Laparoscopic Hernia Surgery and How to Avoid Them**", providing invaluable insights into common pitfalls and offering practical tips for surgeons to enhance their technical skills and improve patient outcomes during laparoscopic procedures.

A key highlight of the event was the lecture by **Dr A.K. Attri**, Director, Principal GMCH, Chandigarh, who spoke on "**Open Inguinal Hernia in the Current Era**". His session underscored the continued relevance of open hernia surgery and its evolving role in the modern treatment landscape, providing a balanced perspective on both traditional and contemporary approaches.

The conference featured, Master video presentations by leading experts on **Laparoscopic hernia surgery** and **Robotic Hernia Surgery**, showcasing the cutting-edge technology transforming hernia repair. Their lectures illustrated how robotic systems enhance precision, reduce recovery times, and improve patient safety in complex hernia cases. Presentations were followed by deep discussions on the topic.

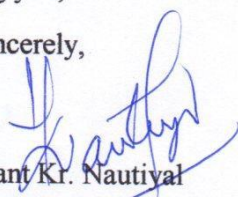

The conference provided an excellent platform for medical professionals to exchange knowledge through interactive sessions, Q&A forums. It also offered a glimpse into the future of hernia surgery, with experts sharing their perspectives on upcoming trends, technologies, and surgical innovations.

The event concluded on a highly positive note, with participants expressing their appreciation for the wealth of information shared and the opportunity to learn from esteemed professionals in the field. "Hernia Vision 2025" successfully advanced the dialogue on the future of hernia surgery, ensuring that attendees are well-prepared to adopt the latest techniques and technologies in their practice.

We are attaching the event permission letter and geo-tag photos with this report.

Subject: Request for approval to conduct a Two-day Conference on Laparoscopic Hernia and use of Adi Kailash / Dr. B C Roy Auditorium and Lecture theater

Respected Sir,

With due respect we on behalf of Department of General Surgery seek your permission for conducting a two-day conference on "HERNIA VISION: The Laparoscopic Frontier" at the University campus, supported by AMASI (Association of Minimal Access Surgeons of India). The event is to be held from 14th to 15th February, 2025.

It aims to bring together leading experts, faculty and Postgraduate students to discuss latest advancements and techniques in Laparoscopic hernia surgery.

This conference will feature Interactive lectures by experts, Master videos and poster/paper presentation for Post Graduate Residents. Given the significance of this topic and its relevance, we believe that this event will greatly benefit our Department and University and enhance our academic reputation.

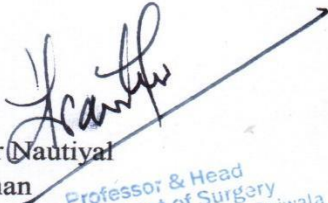

We would also request permission to use the Adi Kailash Auditorium and Hospital Lecture theater as venue for this conference (14-15 Feb. 2025). Please provide us financial support as per university guidelines.

We are committed to ensure high academic standards. We would be grateful if you could kindly grant us permission to proceed with the arrangements.

Thanking you

Yours sincerely,
