

**Guest lecture:** Opportunities after Radiology Residency

**Date:** 27.11.2025

**Venue:** Seminar Hall – Department of Radiology

**Organized by:** Department of Radiology

**Speaker:** Dr. Rajat Jain, MD, MNAMS, FRCR (UK), FICR (Academic Director, DBMCI).

The Department of Radiology successfully organized a **guest lecture** on ‘**Opportunities after Radiology Residency**’ on 27.11.2025. The session organized by **Department of Radiology**, was held in the departmental seminar hall from 2:00 PM to 3:00 PM.

**Participants:** 05 Faculty Members, 02 Senior Residents and 11 Junior Residents.

### Session Highlights:

- Growing interest in Radiology among postgraduate students
- Reasons for choosing Radiology as a career
- Role of Artificial Intelligence in Radiology
- Misconceptions created by social media
- Database-driven discussion on the efforts required to secure a Radiology seat
- Current status and scope of Radiology
- Radiology as the central pillar of modern medical practice
- Importance of communication and teaching skills in Radiology

The lecture was both informative and interactive and concluded with a group discussion.

The session concluded with a formal vote of thanks delivered by **Dr. S. Raghuvanshi**, Professor and Head of the Department of Radiology, who expressed gratitude to the speaker and all participants for their enthusiastic involvement.
