#### Report on One-Day CME on "Tumour Markers: Recent Advances and Clinical Applications"

Venue: Dhanvantri, HIMS, SRHU

Participants: (List attached)

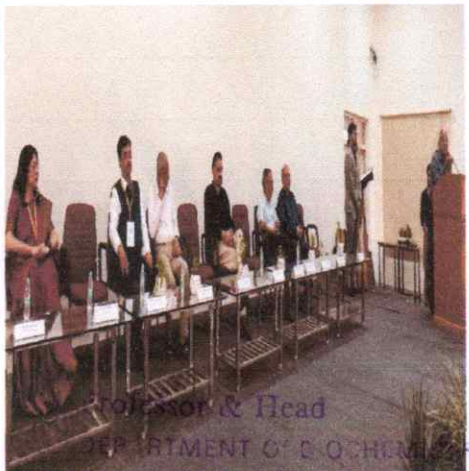

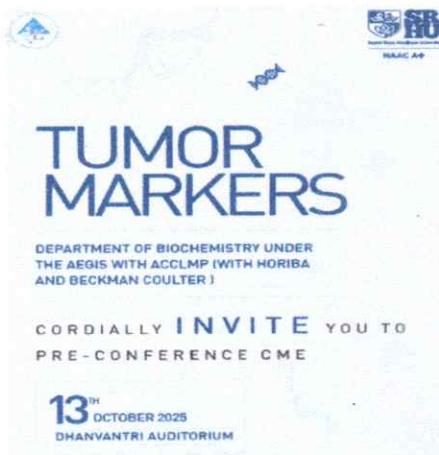

The Department of Biochemistry, Himalayan Institute of Medical Sciences, Swami Rama Himalayan University, organized a **one-day Continuing Medical Education (CME)** programme on **"Tumour Markers: Recent Advances and Clinical Applications"** on **13th October 2025** under the aegis of **ACCLMP**. The event was conducted under the auspices of the **Department of Biochemistry** with the objective of enhancing knowledge and awareness about the recent developments and clinical relevance of tumour markers in disease diagnosis, prognosis, and therapeutic monitoring.

The CME commenced with the invocation of divine blessings of **our revered founder, H.H. Swami Rama**, followed by a formal **welcome address** by the organizing team. The department was deeply honoured by the gracious presence of **Honourable Vice Chancellor, Dr. Rajendra Dhobal**, whose encouragement and continued support have been a constant source of motivation. The programme was also graced by the presence of **our dynamic Director General Academics, Dr. Vijendra Chauhan** and **Dr Prakash Keshaviya** whose vision continues to inspire academic excellence and innovation.

Eminent speakers from reputed institutions like **Dr Rakesh Koul** Director surgical oncology **Sir Ganga Ram Hospital**, **Dr Sunil Saini** Director CCRC, **Dr Sushruta Sen**, President ACCLMP, **Dr Monica Kakkar**, Prof AIIMS Bhatinda, **Dr Kalpna Singh**, KGMC, Lucknow, **Dr Sharmishtha**, RG Kar medical college, delivered **insightful talks** covering diverse aspects of tumour markers including their **biochemical basis, clinical utility, recent advances in molecular diagnostics, and emerging roles in personalized medicine and cancer management**. The interactive scientific sessions stimulated active participation, discussion, and exchange of ideas among faculty members, postgraduate students, and delegates from various departments.

The CME also highlighted the ongoing and potential **research initiatives in tumour marker analysis** being undertaken in the Biochemistry section of HCDRL, showcasing its role as a hub for **diagnostic innovation and translational research**. Faculty, Undergraduate and postgraduate students presented research paper and posters and were awarded for their performance. The event concluded with a vote of thanks, acknowledging the efforts of the organizing committee, speakers, delegates, and institutional leadership for their valuable contributions in

Overall, the CME served as an enriching academic platform that strengthened interdisciplinary collaboration and reaffirmed the Department of Biochemistry's commitment to advancing research and education in clinical biochemistry and molecular oncology.
