Circular

Dear Faculty Members,

This is to inform you that the **School of Science & Technology** is organise a **Workshop on "Veyon (a lab monitoring, controlling, and broadcasting software)"** is being organized for ensuring the smooth conduction of lab sessions during any academic semester.

The workshop will be conducted by **Dr. Gaurav Sharma** and will focus on the practical usage and benefits of **Veyon software** in classroom and laboratory management.

All faculty members are requested to kindly attend the workshop and make the session fruitful with their active participation.

Objective:

- Introduce participants to Veyon software and its core features for monitoring and controlling computer labs.
- Demonstrate how to remotely manage multiple computers, including screen sharing, remote control, and sending messages.
- Train participants to broadcast instructional content to all lab computers for effective teaching.
- Enable efficient lab supervision and troubleshooting to improve classroom management and reduce technical disruptions.

Report of Workshop on Veyon

- **Title of the Event/Activity:** Workshop on Veyon (a lab monitoring, controlling, and broadcasting software)
- **Date / Duration:** 17th September 2025 / 11:00 AM to 11:30 AM
- **Venue:** Computer Lab - 6, First Floor, School of Science & Technology, SRHU
- **Coordinator / Organized by:** Dr. Gaurav Sharma
- **Resource Person Details:**

Name: Dr. Gaurav Sharma

Designation: Assistant Professor, School of Science & Technology

Affiliation: Swami Rama Himalayan University

Specialization: IT and Computer Science

Email id: gauravsharma@srhu.edu.in

Contact No: 7088697651

- **Summary/Overview:**

The workshop provided hands-on training to participants on using Veyon software as a classroom management tool. Trainers demonstrated how teachers can remotely view and control student computers, share their screens for teaching, and send instant messages to provide instructions or guidance. Participants also practiced broadcasting educational content across all computers simultaneously, enabling synchronized teaching. In addition, techniques for supervising labs, troubleshooting issues, and reducing interruptions were highlighted. The session emphasized how Veyon can bridge the gap between technology and pedagogy by offering educators more control and flexibility in a computer lab environment.
