HIMS/DME/2026/069

Date: 13.05.2026

Clinical Grand Round

Date : 16.05.2026
Day : Saturday

Time: 08:30 AM – 09:30 AM
Venue: Adi-Kailash Auditorium
(Near - Emergency Building)

First 10-minute Topic: "Cardiothoracic and Vascular Surgery Case Data (Feb-Apr 2026)"

Presenter: Dr. Manmohan Singh Chauhan, Senior Consultant (CTVS)

Topic: Parathyroid Adenoma: "Diverse Clinical Manifestation"
Moderator: - Dr. S.S. Bist, Professor & Head (ENT)

Abstract: Parathyroid adenoma a benign tumour of the parathyroid gland and is the most common cause of primary hyperparathyroidism. Incidence of parathyroid adenoma is 0.1-0.3%. It is often an insidious endocrine disorder characterised by increased secretion of parathyroid hormone (PTH), that may remain clinically silent until significant metabolic disturbances arise. Traditionally characterized by the constellation of "bones, stones, abdominal groans, and psychic overtones," its presentation can vary widely, ranging from subtle complaints to pronounced systemic manifestations. It predominantly affects females in the third to fifth decades of life, often posing a diagnostic challenge due to its diverse clinical spectrum. The definitive treatment however remains parathyroidectomy. Department of ENT will present an interesting case of a 39-year-old female who presented with atypical clinical manifestations and was subsequently diagnosed with a parathyroid adenoma. This case highlights the importance of a high index of clinical suspicion, prompt biochemical assessment, and precise localization in ensuring timely intervention and preventing long-term complications.

Programme for Clinical Grand Round:

Presentation	Speaker	Time
Case Presentation (Department of G. Medicine)	Dr. Dr. Varan Goyal (JR3))	12 Minute
Case Presentation (Department of ENT)	Dr. Dr. Himanshi Mann (JR3)	12 Minute
Case Presentation (Department of Radiology)	Dr. Azhar Warsi (JR3)	05 Minute
Summarization of Topic (Department of ENT)	Dr. S.S. Bist Professor & Head, E.N.T.	10 Minute
Questions and Answers		10 Minute

All Faculty & Post Graduate Residents are required to attend the Clinical Grand Round.
