

Integrating Simulation in Nursing Curriculum

Guest Lecture by
Dr. Nesa Sathya Satchi
PhD Nursing

Vice President

Date: 19 March 2026
Venue: Conference Hall, HCN

Organised By

Himalayan College of Nursing

**HIMALAYAN COLLEGE OF NURSING
SWAMI RAMA HIMALAYAN UNIVERSITY
JOLLY GRANT, DEHRADUN**

REPORT ON INTEGRATING SIMULATION IN NURSING CURRICULUM

Name of Activity: CNE on “Integrating Simulation in Nursing Curriculum”

Date: March 19, 2026

Time: 12:30 to 1:30 PM

Venue: Conference Room, HCN

No. of Participants: 25

A Continuing Nursing Education session titled “Integrating Simulation in Nursing Curriculum” was successfully conducted for faculty members by Dr. Nesa Sathya Satchi. The session focused on the importance of incorporating simulation-based learning strategies into nursing education to enhance clinical competence, critical thinking, and decision-making skills among students. She provided valuable insights into the design, implementation, and evaluation of simulation activities, emphasizing their role in bridging the gap between theoretical knowledge and real-world clinical practice. The session also highlighted various types of simulation techniques, including high-fidelity, low-fidelity, and virtual simulations, along with best practices for effective facilitation and debriefing. Faculty members actively participated in discussions and gained practical knowledge on integrating simulation into the existing curriculum to improve student learning outcomes. The program was highly informative and well-received by all attendees.
