

Learning Management System

Introduction

This manual is designed to help faculty, staff, and students navigate the Learning Management System (LMS) at Swami Rama Himalayan University. The LMS integrates essential academic and administrative functions, supporting efficient course creation, content delivery, online assessment, and student progress tracking. Users can find detailed instructions for managing timetables, attendance, subscriptions, feedback, and other key LMS features. The goal of this manual is to ensure a smooth and productive educational experience for all members of the SRHU community, making digital learning accessible and effective.

Key Features of the Juno LMS

1. Course Creation

Faculty can design, structure, and configure courses within the LMS using an intuitive authoring tool. Courses may be created from pre-defined templates, duplicated for efficiency, and include various multimedia resources to support learning objectives.

2. Course Delivery

Courses are delivered via blended, in-person, or online formats, enabling flexible scheduling and management of training sessions. The LMS supports distributing materials, hosting virtual classes, and sharing recorded lectures for student accessibility.

3. Assessment

The assessment section allows faculty to create quizzes, assignments, and other evaluative tools. Results are tracked automatically and feedback provided to learners in real time, fostering improvement and transparency.

4. Attendance

Attendance is monitored through manual entry or automated systems such as QR code scanning, enabling accurate record-keeping for both face-to-face and online sessions.

5. Timetable

Academic timetables are managed centrally within the LMS to streamline scheduling for courses, assessments, and events. Students and faculty can view and stay updated on their learning schedules for better planning.

6. Feedback Mechanism

Learner and instructor feedback is collected through digital forms and surveys after sessions and courses, allowing the institution to enhance teaching effectiveness and respond promptly to suggestions.

7. Student Progress Tracker

The LMS provides real-time dashboards and analytics, empowering faculty and students to track progress, attendance, completion rates, certifications, and identify areas needing improvement.

8. Others: Other Functionalities

- **Faculty Course Allocation:** Administrators can assign faculty members to courses based on expertise and department needs within the LMS.
- **Student Course Allocation:** Student enrollments are managed, ensuring learners are enrolled in appropriate courses using automated or manual systems.
- **Course Configuration:** Course settings including grading schemes, access controls, and resource setup are managed to ensure consistency and quality across the learning platform.

20.5. Exclusions from Confidential Information

The foregoing restrictions and obligations shall not apply to Confidential Information that the receiving party can demonstrate:

- (a) was independently developed by or for the receiving party without use of or reliance on the disclosing party's Confidential Information;
- (b) is or has become publicly known through no fault or act of the receiving party;
- (c) was in the receiving party's possession or was known by the receiving party at the time of disclosure;
- (d) was received without restriction from another party having the right to disclose it without restriction, or
- (e) is required to be disclosed by law, provided, however, the receiving party will promptly inform the disclosing party prior to disclosure and cooperate with the disclosing party's reasonable efforts to resist or narrow the disclosure and obtain a protective order or other reliable assurance that confidential treatment will be accorded the disclosing party's Confidential Information.

20.6. Survival

The obligations of a party with respect to the other party's Confidential Information will start from the date of signing of this agreement and will survive termination of this Agreement, for a period of two years.

21. PUBLICITY; INTELLECTUAL PROPERTY AND TRADEMARKS

21.1. Media Release

Neither party may release or publish news releases, announcements, advertising or other publicity relating to this Agreement or mentioning or implying the name, trademarks, logos, service marks or other identification of the other party or its affiliates or their respective personnel without the prior review and written consent of the other party.

21.2. Intellectual Property

Company is the exclusive owner or Licensee as applicable of all the intellectual property in relation to the JUNO Campus and all modules under this Agreement.

22. EXCLUSIVE AND LIMITED REMEDIES

22.1. The company or its affiliates and their respective employees, directors, officers, agents and suppliers shall not be liable to the customer, or to any third party for any indirect, incidental, exemplary, special or consequential damages or losses, including without limitation, loss of use, profits, goodwill or savings, or loss of data, data files or

programs, arising out of or in connection with this agreement or the use or performance of the products, services or licensed software products whether such liability arises from any claim based upon contract, warranty, tort (including negligence), product liability or otherwise, even if advised in advance of the possibility of such loss or damage. Whereas, in case of aforesaid damages or losses to the Customer due to gross negligence of the company, the company shall be liable to indemnify the customer.

23. COMMENCEMENT AND TERMINATION

23.1. This Agreement shall commence on the Date of signing by both parties and will continue on a non-terminal basis for mutual obligations regarding JUNO Campus License under this Agreement.

23.2. Termination for Cause

Either party shall have the right to terminate this Agreement for cause if the other party breaches any material term or condition of this Agreement and fails to cure such breach within thirty (30) days following receipt of written notice from the non-breaching party.

23.3. Termination for Insolvency

Either party shall have the right to terminate this Agreement, effective immediately, if the other party should become the subject of any voluntary or involuntary bankruptcy, receivership or other insolvency proceeding or make an assignment or other arrangement for the benefit of its creditors, and such action is not discharged or terminated within ninety (90) days.

23.4. Consequence of Termination

- In event that the customer terminates the agreement as a non-breaching party, the Company shall be liable to refund the proportionate amount against undelivered services that shall include the cost of module/services that has not been implemented/ performed.
- In event of termination, each party will promptly return to the other party all Confidential Information of the other party in its possession or control, and will provide the other party with a written certification, signed by one of its officers, certifying to the return of such Confidential Information.

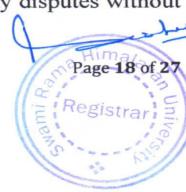

24. DISPUTE RESOLUTION

24.1. The parties agree to first try to resolve any disputes, controversies or differences which may arise out of or in relation to or in connection with this Agreement, or for the breach thereof informally. Each party shall nominate one senior officer of the rank of Executive or higher as its representative who shall use good faith efforts to resolve any disputes without

resorting to formal dispute resolution. These representatives shall, within thirty (30) days of a written request by either party to call such a meeting, meet in person and alone (except for one assistant for each party) and shall attempt in good faith to resolve the dispute. The parties agree that, if the disputes cannot be resolved by such senior officers in such meeting, then they shall be finally settled by arbitration by arbitrators appointed under the Arbitration and Conciliation Act, 1996 or any statutory enactment or modification thereof. Such arbitration shall be conducted in English and the venue of arbitration shall be Dehradun.

25. MISCELLANEOUS

25.1. Entire Agreement

This Agreement constitutes the entire agreement, and supersedes all prior oral and written understandings, between the parties regarding the subject matter hereof. Any modification or addition to this Agreement must be in writing and signed by authorized representatives of both parties. In case of any conflict between the provisions of this Agreement (including the exhibits) and of a Purchase Order, Addendum (including any attachments to it) or any other modification or addition entered into by the parties collectively, "Additional Agreement"), the provisions of the most recent Additional Agreement shall take precedence.

25.2. Governing Law

This Agreement will be governed by and construed in accordance with the laws of India in the courts at Dehradun.

25.3. Independent Contractor

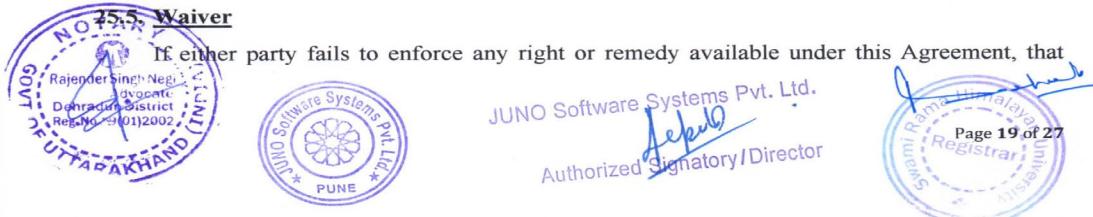

Each party is an independent contractor and is not an agent of the other. This Agreement does not create an agency, partnership, joint venture, or similar business relationship. Neither party nor its employees have the authority to bind or commit the other party in any way or to incur any obligation on its behalf. Neither party will require releases or waivers of any personal rights from representatives or employees of the other to visit the party's premises, nor shall a party plead such a release or waiver in any action or proceeding.

25.4. Severability

If any portion of this Agreement is found by a court of competent jurisdiction to be invalid or unenforceable, that provision of the Agreement will be amended to achieve as nearly as possible the intent of the parties, and the remainder of this Agreement will remain in full force and effect.

25.5. Waiver

If either party fails to enforce any right or remedy available under this Agreement, that

failure will not be construed as a waiver of any right or remedy with respect to any other breach or failure by the other party.

25.6. Notice

Any notice required or permitted under this Agreement must be in writing and be sent by certified mail (return receipt requested), by overnight delivery, by courier, or by confirmed telecopy addressed to the respective party as follows:

Dr. Susheela Sharma Registrar Swami Rama Himalayan University Swami Ram Nagar, Jolly Grant- 248016, Uttarakhand	Dr. Arpita Gopal Director JUNO Software Systems Private Limited #303, Pentagon 3, Magarpatta City, Pune – 411 028, Maharashtra
---	--

A notice will be effective when received as shown on the delivery receipt. A party may change its designated representative or address by giving notice to the other as provided above.

25.7. Force Majeure

Neither party will be responsible for any delay or failure in performance to the extent such delay or failure is caused by fire, strike, embargo, explosion, earthquake, flood, war, water, the elements, pandemic, labor dispute, government requirements, acts of God, inability to secure raw materials or transportation facilities, acts or omissions of transportation carriers or suppliers, or other causes beyond a party's control, provided that such party gives prompt written notice thereof to the other party and uses its diligent efforts to resume performance. The company will take due care to avoid disruptions considering the current severity of the coronavirus epidemic. However, any increase in the severity of the epidemic or any unexpected disruption is likely to have an impact on the implementation timelines.

25.8. Assignment

Neither party will assign this Agreement or any right or interest, or delegate any work or obligation to be performed, under this Agreement without the other party's prior written consent, which consent shall not be unreasonably withheld. Either party may assign this Agreement and the rights and obligations outlined herein to an entity obtaining a majority of the stock or assets of either party, provided that the assignee agrees in writing to be bound by the terms and conditions of this Agreement. Notwithstanding the above, Company reserves the right to refuse an assignment to a party that is unable to provide adequate financial/credit assurances.

SCHEDULE D: SERVICE LEVELS

Application Uptime	> 99%
---------------------------	-------

Service requests for issues/bugs/problems will be given a Severity Code from 1 – 4 based on how important responding to the problem is to the primary business of the Customer as a whole, as well as the availability of workarounds. The Severity Code will be the basis for scheduling work on the backlog and assigning resources to the request.

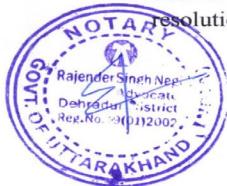

Severity Code	Definition
1.	A problem has made a critical application function unusable or unavailable and no workaround exists.
2.	A problem has made a critical application function unusable or unavailable but a workaround exists.
3.	A non-critical problem limited to a single user or application pages related to a single user.
4.	All other problems

Response and Resolution Times

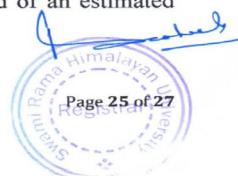

Severity codes are used in order to determine appropriate response and resolution times. Response and resolution times are measured from when the incident is opened by the help desk.

Severity Code	Initial Response	Estimation Response	Resolution Time
1	1 hour	2 hours	8 hours
2	2 hours	4 hours	24 hours
3	4 hours	8 hours	To be notified
4	8 hours	12 hours	To be notified

- **Initial Response** is when a ticket is opened and acknowledged by help desk staff.
- **Estimation Response** is when the user that logged the ticket is informed of an estimated resolution time.

JUNO Software Systems Pvt. Ltd.
Authorized Signatory/Director
Aebut

Resolution is the point at which the problem is resolved and the application function is returned to a usable and available state.

Course Description : * **Advanced Accounting** -I course examines accounting topics for partnerships, mergers, amalgamation, consignment, and discusses other advanced topics beyond the topics introduced in the first-year prerequisite courses, such as department and Branch accounting. It is designed to prepare students to interpret and analyze financial statements effectively. Therefore, prior to taking this course, students are expected to have a sound grasp of the basics of financial accounting. This course also explores in a greater depth financial reporting topics introduced in Advanced Accounting I as well as other transactions not covered in that prerequisite course. Intensive class participation is required for the success of the learning process.

Course Learning Objectives : * Understand accounting treatment for admission, retirement, and death of a partner. Apply procedures for dissolution of partnership firms. Record amalgamation and conversion of firms into companies. Prepare final accounts during changes in partnership structure. Maintain accounts for dependent and independent branches. Apply departmental accounting to evaluate departmental performance. Record hire purchase transactions including default and repossession.

The user is identified as Mr. Suraj Bhatt (Institute Level) and Team Lead: Academic Administrator. The main content area is titled '★ SCHEDULE » TIME TABLE » ACADEMIC TIME TABLE'. It shows filters for Programme (HSMS - Department of Management), Academic Batch (Sem II (2024-2027)), and Terms (Sem I). A 'Submit' button is visible. Below this, a table provides a summary of the teaching plan: Aug 16, 2024 - Dec 21, 2024, Total Holidays / Events / Weekly Off (23 / 0 / 18), and Instructional Days (105 / 105 / 87). A 'Planning' tab is currently selected. A list of session conflicts is displayed, including dates like Aug 16, 2024 - Aug 17, 2024, and Aug 19, 2024 - Aug 24, 2024. The bottom of the screenshot shows a Windows taskbar with various icons and the date 23-07-2025.

The screenshot shows a web-based application for managing feedback. At the top, a navigation bar includes links for 'Home', 'WorkBC - Jobs and...', 'SRHU Branding 202...', 'OPD', 'Welcome to Swami...', and 'CURRICULUM FEED...'. The main content area is titled 'ORGANIZATION > FEEDBACK SCHEMA > SCHEDULE FEEDBACK'. A sub-section titled 'Institute Appraisal/Feedback cycle' is active. A search bar and a link to 'Define New Institute Appraisal/Feedback Cycle' are visible. Below this, a table titled 'Matrix for Theory and Practical' is shown, with columns for 'Excellent', 'Good', 'Fair', and 'Poor'. The table lists various feedback items such as 'Ability to Explain', 'Knowledge of Subject', 'Opportunity for raising question and discussion', 'Use of Examples to clarify the material.', and 'Use of teaching aids'. Each item has a radio button next to it for rating. A 'CLICK TO EXPAND' link is located at the bottom right of the matrix table.
