Hi Sandeep,

I hope this message finds you well.

We are delighted to introduce ourselves as a leading Salesforce company, renowned globally for our expertise in Salesforce implementation consulting. Since our establishment in Noida in 2015, we have rapidly expanded our footprint worldwide, delivering end-to-end Salesforce development solutions that drive transformation for our clients.

As discussed during our recent phone conversation, we are currently seeking fresh talent for the Trainee profile and would like to schedule a campus drive to meet this requirement. **We kindly request you to confirm a suitable date for the drive.**

Position: Trainee

Qualification: MCA/B.Tech

Training Period: 6 Months

Training Location: Kurukshetra

Job Location: We have multiple locations across India, including Noida, Kurukshetra, and Mohali. The final job location will be determined after the initial 3-month training period.

Important Note: During the first 3 months of training, candidates will be required to participate in three mandatory brainstorming tests. Successfully clearing these tests is a prerequisite for continued employment with Cloud Analogy.

Bond Agreement: Candidates will be required to sign a 2-year bond agreement. In the event of a breach, the employee will be liable to pay Rs 4,00,000 along with any associated costs.

Google Form Link: Please circulate this [Google Form Link](#) among students. It is essential for us to gauge the number of students interested in appearing for the interview. This will help us better organize the campus drive.

For your convenience, please find the detailed job description.

Feel free to reach out if you have any questions or need further details.

We look forward to your confirmation and to a successful collaboration.

Thanks and Regards,
Simran Negi
