### **About the Visit:**

Industrial visits are one of the most important and mandatory parts of the curriculum for the professional growth of our students. In line with this, the School of Science and Technology organized a one-day industrial visit for the students of BCA IV Semester (Sec A & C) to visit Rubico IT Pvt. Ltd., Haridwar, on May 2, 2024. The primary objective of this visit was to provide students with a practical understanding of IT industry infrastructure, their working culture, their requirements, and how employees could fit themselves to meet their requirements. The visit aimed to enhance students' knowledge and understanding of current technologies and industry trends.

Before the industrial visit, detailed planning and arrangements were made under the guidance of Dr. Pramod Kumar sir (Principal, SST) and Mr. Ayush Sharma (Deputy Manager, Placement Department).

The Rubico IT Ltd. Haridwar visit was an enriching experience for the students, including various HR and technical interactive sessions. Students were divided into groups based on their area of interest, like front-end developers, testers, networking engineers, etc., and assigned knowledgeable guides from the Rubico team. These guides provided insightful information about the roles and responsibilities of these groups separately. The Rubico team showcased the facilities available for the benefit of the employees, like an in-house gym area, indoor games, etc., for recreation purposes.

The industrial visit to Rubico was a resounding success in terms of achieving its objectives.
