GREEN INNOVATION & RENEWABLE ENERGY CLUB (SDG Champions Club)

1. Introduction

The Green Innovation & Renewable Energy Club at SRHU fosters student-led exploration of sustainable technologies and clean energy solutions. Aligned with SDGs 7 and 9, the club promotes innovation through hands-on projects, awareness campaigns, and collaboration with SRHU's Himalayan Centre for Innovation & Entrepreneurship (HCIE). It empowers students to contribute to energy efficiency, renewable adoption, and eco-tech development—reflecting SRHU's commitment to a low-carbon, innovation-driven future.

2. Objectives

The objectives of the Club are:

- Promote awareness and adoption of renewable energy technologies across campus
- Encourage student innovation in sustainable design, clean energy, and green infrastructure
- Support SRHU's energy-efficient operations through student engagement and feedback
- Facilitate collaboration with HCIE and academic departments to incubate eco-tech ideas

3. Club Committee

The Club shall be governed by a committee comprising the following members:

Composition	Roles
Ms. Priya J P Narayan, HCN	Chairperson
Dr. Ashutosh Bhatt, HSST	Treasurer
Dr. Geeta Bhandari, HSBS	Member Secretary
Ishita Dimri, BSc Biotechnology	Member (Student Coordinator)

NOTICE

GREEN INNOVATION & RENEWABLE ENERGY CLUB (SDG CHAMPIONS CLUB)

SRHU/SDGC/GIREC/2024/01

08th July 2024

This is to inform all students of the Swami Rama Himalayan University (SRHU), that a Green Innovation and Renewable Energy Workshop will be organized on 15th-16th July 2024. The event aims to promote sustainable energy solutions, innovation in green technologies, and environmental responsibility among students.

Details of the Event:

- Event : Green Innovation and Renewable Energy Workshop
- Date : 15th-16th July 2024
- Time : 9:30 AM onwards
- Venue : Himalayan School of Biosciences
- Organized by : Green Innovation & Renewable Energy Club, SRHU
- Eligibility : All SRHU students interested in renewable energy, sustainability, and environmental innovation

Interested students are requested to register their names with the Club Coordinator or Class Representative by 13th July 2024. Active participation is highly encouraged.

For further details and workshop schedules, please contact the Club Coordinator -SRHU.

REPORT

Organized by	: Green Innovation & Renewable Energy Club, Swami Rama Himalayan University
Date	: 15 th -16 th July 2024
Venue	: Himalayan School of Biosciences
Time	: 09:30AM onwards

The Green Innovation & Renewable Energy Club of Swami Rama Himalayan University (SRHU), in alignment with the university's sustainability vision and United Nations Sustainable Development Goals (SDGs), organized a Guest Lecture on Environment Management on 10th August 2024. The resource person for the session was Dr. Sanjay Bhutani, Professor (Consultant) from UPES, Dehradun.

A total of 46 students from various academic disciplines attended the lecture and actively participated in the interactive discussions. Dr. Bhutani delivered an insightful and comprehensive session emphasizing the urgent need for sustainable environmental practices, highlighting the interconnectedness between waste reduction, resource efficiency, and renewable energy adoption in addressing contemporary climate challenges.

He elaborated on clean energy systems as a key driver of sustainability, citing the example of SRHU's 1 MW rooftop solar power plant as a model for institutional commitment toward energy efficiency and environmental stewardship. The lecture further explored real-world case studies, national and international environmental policy frameworks, and practical strategies for environmental management and conservation.

Students were encouraged to introspect on their individual and collective roles in advancing sustainability through green innovation, responsible consumption, and renewable energy solutions. The event reinforced the relevance of SDG 7 (Affordable and Clean Energy), SDG 12 (Responsible Consumption and Production), and SDG 13 (Climate Action), aligning with SRHU's broader mission of building a low-carbon, innovation-driven future.
