## RURAL HEALTH & PRIMARY CARE CLUB (Public Health, Social Welfare, & Community Outreach Clubs)

### 1. Introduction

The Rural Health & Primary Care Club at SRHU connects students with grassroots healthcare through immersive learning, outreach, and service. Anchored in SRHU's collaboration with RDI and local government bodies, the club promotes equitable access to primary care, strengthens community health systems, and empowers students to become agents of rural health transformation.

### 2. Objectives

The objectives of the Club are:

- Promote awareness of rural health challenges and primary care systems
- Support SRHU's outreach through RDI and field practice centers (RHTC, UHTC)
- Facilitate student involvement in health camps, surveys, and IEC activities in underserved areas
- Encourage documentation and replication of SRHU's rural health models across institutions

### 3. Club Committee

The Club shall be governed by a committee comprising the following members:

Composition	Roles
Dr. Rajeev Bijalwan, Deputy Director, RDI	Chairperson
Mr. Ravindra Verma, Deputy Manager, RDI	Treasurer
Dr. Vidisha Vallabh, Associate Professor, HIMS	Member Secretary

## REPORT

<b>Organized by</b>	: Rural Health & Primary Club, Swami Rama Himalayan University
<b>Date</b>	: 19 <sup>th</sup> October 2024
<b>Venue</b>	: CHC Bhadrabad
<b>Time</b>	: 10:00AM onwards

The Rural Health & Primary Club, Swami Rama Himalayan University in collaboration with Rural Development Institute (RDI), the Departments of Pulmonary Medicine and Community Medicine of the Himalayan Institute of Medical Sciences (HIMS), Swami Rama Himalayan University, organized a TB Screening and Nutrition Kit Distribution Camp on 19th October 2024 at CHC Bhadrabad. The initiative was part of the Rural Health & Primary Care Club's ongoing efforts to strengthen community-based TB care and support services in rural and semi-urban areas.

The camp aimed to provide a comprehensive package of health services for patients affected by tuberculosis, focusing on growth monitoring, detailed medical check-ups, and individualized counselling sessions. The sessions emphasized treatment adherence, nutrition, and overall well-being. Patient information was systematically collected through a structured online form to ensure effective follow-up and data-driven case management.

As part of the nutritional support programme, protein-rich food kits were distributed to all TB patients attending the camp to improve immunity, promote recovery, and enhance treatment outcomes. The initiative reflected a multi-stakeholder approach involving clinical care, nutritional support, and health education at the grassroots level. Volunteers from the AAS organization contributed to field-level mobilization, ensuring active participation of patients and smooth execution of the camp.

The activity successfully demonstrated RDI's commitment to community health, disease prevention, and patient-centered care through collaboration, compassion, and sustained engagement with vulnerable populations.
