3. Objectives

- To offer vision screening services to the residents of Bhokarheri.
- To detect early signs of refractive errors, cataract, and other eye conditions.
- To raise awareness about the importance of regular eye check-ups.
- To provide students with community ophthalmology field exposure.

4. Activities Conducted

- Visual acuity testing using standard charts.
- Screening for refractive errors and common ocular problems.

- Counseling on eye care, hygiene, and preventive measures.
- Referral for further evaluation and treatment at Himalayan Hospital when required.

5. Student Participation

- In the June 2024 drive, **three students** participated.
- In the May 2025 drive, **two students** participated.

Their responsibilities included screening support, documentation, patient guidance, and community interaction.

6. Outcomes

- Benefitted community members through free eye examination services.
- Identification of individuals requiring follow-up for refractive errors or ocular diseases.
- Improved community awareness regarding eye health.
- Enhanced hands-on learning and communication skills of participating students.

7. Conclusion

The Eye Examination Drives at Bhokarheri, Muzaffar Nagar were successful in delivering essential eye-care services to the community.

The outreach strengthened public health engagement and provided valuable community ophthalmology experience to students.

Continued periodic drives are recommended for sustained eye-health improvement.
