#### 3. Objectives

- To provide vision screening services to residents of Bhutpuri and nearby areas.
- To detect refractive errors, cataract, and other common ocular problems.
- To promote awareness regarding eye hygiene and the importance of regular eye check-ups.
- To enhance students' practical skills in community ophthalmology.

#### **4. Activities Conducted**

- Visual acuity assessment using Snellen charts.
- Basic examination for refractive errors and anterior segment issues.
- Counseling on preventive eye care, hygiene, and protective measures.
- Referral guidance for individuals requiring further ophthalmic evaluation at Himalayan Hospital.

#### **5. Student Participation**

Each activity involved **two student participants**, who contributed to:

- Registration and documentation
- Visual acuity screening
- Assisting the ophthalmology team
- Community interaction and awareness activities

Their contributions enhanced their field exposure and communication skills.

#### **6. Outcomes**

- Multiple community members benefitted from free vision screening services.
- Several individuals with refractive errors or symptoms of ocular disease were identified for follow-up care.
- Enhanced community awareness regarding preventive eye care.
- Students gained valuable hands-on experience in community eye-health programs.

#### **7. Conclusion**

The Vision Outreach Activities at Bhutpuri and Panchayat Ghar, Bhutpuri were successful in strengthening community eye health and providing essential screening services.

The Department of Ophthalmology, HIMS, SRHU continues to support such initiatives to improve preventive eye care and build strong community engagement.
