Report on Ocular Health Assessment Camps at Morna, Bijnor

Organized by: Department of Ophthalmology, Himalayan Institute of Medical Sciences (HIMS), Swami Rama Himalayan University (SRHU)

1. Overview

The Department of Ophthalmology, HIMS, SRHU conducted multiple **Ocular Health Assessment Camps** at Morna and nearby community locations in District Bijnor during 2024–2025.

These outreach activities aimed at early detection of refractive errors, cataract, and other ocular morbidities, along with raising community awareness about preventive eye care.

Each camp was also supported by **student participation**, providing hands-on exposure to community ophthalmology and public health practices.

3. Objectives of the Camps

- To provide comprehensive ocular screening services to the local community.
- To detect refractive errors, cataract, glaucoma suspects, and other eye conditions at an early stage.
- To enhance awareness on eye hygiene, nutrition, and the importance of periodic eye examinations.
- To provide students with practical exposure in community-based eye-care delivery.

4. Activities Conducted

- Assessment of visual acuity using standard charts.
- Screening for refractive errors and common eye diseases.
- Preliminary anterior segment evaluation using torchlight.
- Counseling on preventive eye care, safe visual practices, and healthy lifestyle habits.
- Referral of suspected or complex cases to Himalayan Hospital for further ophthalmic evaluation.

5. Student Participation

Each camp included **1–2 student participants**, who contributed in:

- Registration and documentation
- Visual acuity assessment
- Assisting ophthalmic personnel in screening activities
- Delivering basic awareness messages to community members

This participation enhanced the students' **clinical confidence**, communication skills, and understanding of community health needs.

6. Outcomes

- Successful implementation of repeated ocular health camps across Morna region.
- Identification of individuals requiring advanced ophthalmic evaluation and referral.
- Improved awareness among community members about preventive eye care.
- Enhancement of student skills in community ophthalmology and patient handling.

7. Conclusion

The Ocular Health Assessment Camps at Morna, Bijnor, organized by the Department of Ophthalmology, HIMS, SRHU, significantly contributed to improving community-level eye health.

These consistent outreach initiatives highlight the institution's commitment to **preventive ophthalmic services, early diagnosis, community engagement, and experiential student learning**.
