Activity Detail

The maternal health camp organized in Aneeki village provided a comprehensive range of services, such as general examination, risk assessment, and primary investigation, including Blood Pressure, sugar, and haemoglobin. Antenatal and Postnatal women were provided with prophylactic treatment for anaemia and micronutrients. During this camp, counselling of both groups and individuals was also done on nutrition, family planning, self-care during pregnancy, institutional delivery, breastfeeding. The camp was attended by 20 women in their antenatal and postnatal period.
