Activity Detail

On 24 August 2024 a maternal health camp was organized in Ibrahimpur village of Bahadrbabad block. The camp was attended by pregnant and lactating women, including adolescents and children. The camp provided a range of services, such as general examination, risk assessment, and primary investigation, including BP, sugar, and haemoglobin. Antenatal and Postnatal women were provided with prophylactic treatment for anaemia and micronutrients. During this camp, counselling of both groups and individuals was also done on nutrition, family planning, self-care during pregnancy, institutional delivery, breastfeeding, hygiene, post-delivery care, etc.
