**Activity Detail –** In Salempur village, Bahadrabad block, a maternal health camp was conducted to support the well-being of women and children. Pregnant and lactating women, along with adolescents and young children, participated in the camp. A skilled medical team, comprising a doctor, pharmacist, nurse, counselor, field supervisor and students, provided essential healthcare services. The camp included general check-ups and primary investigations such as blood pressure, blood sugar, and hemoglobin testing. Additionally, group and individual counseling sessions were held, covering vital topics like nutrition, family planning, self-care during pregnancy, institutional delivery, breastfeeding, hygiene, and postnatal care.
