**Activity Detail** - On 19-11-24, the Rural Development Institute HIHT - NSIL organized a general camp in the upper Himalayan region in Mundhan, Kalsi, Dehradun. This initiative is essential due to the area's diverse population and limited access to healthcare services. Many residents, particularly from underserved communities, struggle to access regular healthcare, resulting in untreated health conditions and a lower quality of life.

51 individuals benefited from routine health check-ups and received necessary medications, along with the distribution of 3 Nutrition Kits. These initiatives not only address immediate healthcare needs but also contribute to the long-term well-being of the community.
