Activity Details:

On 22nd October 2024, a Disability Certificate Camp was held at the Orthopedics Department of Mela Hospital in Haridwar. The event was supported by the Dhyana Mandira Trust (DMT) and aimed to assist individuals with various types of disabilities in obtaining their disability certificates. A total of 11 persons with disabilities (PWDs) benefited from this program. Alongside the beneficiaries, a representative from the university participated, as well as a dedicated medical team from the government hospital.

The camp featured a comprehensive medical examination, with each participant being assessed by the doctors present. For some individuals, referrals were made for further examination at specialized hospitals such as Coronation Hospital in Dehradun, NAVH, Civil Hospital in Roorkee, and AIIMS Rishikesh. In addition to the medical team, counselors and field supervisors were present to provide additional support to the beneficiaries. In this way, the camp not only helped with immediate disability assessments but also connected individuals with resources for their continued care. RDI is supported through transport facilities and human resources for guidance.
