

Certificate

This is to certify that Experts of Himalayan Institute Hospital Trust, Swami Rama Himalayan University, Jolly Grant, Dehradun, Key Resource Centre of National Jal Jeevan Mission visited our district Pithoragarh for imparting training to our engineers and officers working for water supply sector in district Pithoragarh & Bageshwar. This training was organized from **June 18th to June 19th, 2024** under the compliance of State Water Sanitation Mission, Government of Uttarakhand for capacity building of the engineers and officers. The two days residential training was organised on "**Change Management Role (as a Public health Engineer)**" and **activities for Har Ghar Jal**" in which 40 engineers and officers participated.

The topic of the training programme was mainly focused on "**Change Management Role (as a Public health Engineer)**" and **activities for Har Ghar Jal**" apart from other different aspect of Change Management, community participation, JJM guidelines, and important components of water supply system, quality, and sustainability issues, grey water management, rainwater harvesting, Digital Transformation and SBCC. The team of experts & resource persons trained our officers on different aspects operation and maintenance. Participants appreciated the quality of training. Overall, the training programme was very useful and beneficial to our officers.

I convey my best wishes to the Organization and team of resource person.
