Respected Madam,

I hope this letter finds you well. On behalf of Rajkiya Primary School, I would like to take a moment to express my sincere appreciation to you, your faculty and students for exceptional efforts in organizing the recent suicide prevention awareness program on "**Break the silence - Speaking out against hopelessness**" for our students at our school. Your student's dedication to increasing awareness about mental health issues has made a significant impact on our students.

The dedication and professionalism displayed by your faculty members were truly inspiring and their ability to engage with our students, provide critical information, and foster open discussions about importance of mental health made a significant impact on our students.

Thank you once again for your collaboration and for empowering our students with knowledge and resources that can truly make a difference. We look forward to future opportunities to work together in promoting mental health awareness and supporting our students.

Thanks & Regards!

Principal
