MEMORANDUM OF UNDERSTANDING

Hospital Based Cancer Registries in India

National Cancer Registry Programme

ICMR-National Centre for Disease Informatics and Research, Bengaluru

The broad and overall objective of ICMR-National Centre for Disease Informatics and Research (ICMR-NCDIR), Bengaluru is to sustain and develop a national research data-base on cancer, diabetes, CVD, stroke, other NCDs and their risk factors through recent advances in electronic information technology with a national collaborative network, so as to undertake etiological, epidemiological, clinical and control research in these areas.

The National Cancer Registry Programme (NCRP) was initiated in 1981 by the ICMR, and is presently co-ordinated at ICMR-NCDIR, Bengaluru. It operates through a network of Population Based Cancer Registries (PBCRs) and Hospital Based Cancer Registries (HBCRs) across different parts of the country. The data collected enables to estimate cancer incidence, mortality, trends, burden, clinical management, outcome and survival. The information aids efforts towards cancer prevention and control in the country.

This Hospital Based Cancer Registry is being implemented by ICMR- NCDIR, Bengaluru at CANCER RESEARCH INSTITUTE HIMS, SRHU, DEHRADUN, UTTARAKHAND with the following key objectives:

1. Profile and patterns of cancer in patients attending the hospital
2. Describe the clinical, treatment and outcome parameters
3. Contribute to the respective PBCRs in India under ICMR-NCDIR-NCRP

The basic methodology for the project "Hospital Based Cancer Registries in India" envisages capturing core patient information on demography, clinical details, treatment and outcome of all cancers reported / registered at all /departments / units / sections who are involved in cancer diagnosis / treatment / care in the hospital.

Agreement for co-operation in the performance of work on "Hospital Based Cancer Registries in India" through ICMR-NCDIR, Bengaluru between Dr. Prashant Mathur, Director, ICMR-National Centre for Disease Informatics and Research, Bengaluru, hereinafter called Principal Investigator (PI) and DR. SUNIL SAINI hereinafter called Principal Investigator of Participating Centre (C-PI).

The project sanction is up to March 2027 and it is effective from 1st April 2022. The funds will be released on installment basis based on quality of data submission and overall performance. The C-PI is responsible for the following:

1. Collection, collation and transmission of data of all malignant neoplasms reported / diagnosed / treated from the above centre from 1st January 2022 onwards.
2. Follow the terms and conditions (as specified in **Annexure I**) are necessary for uniformity and successful execution of the study.
3. Managing funds provided for the said purpose as per guidance and rules applicable.
4. Submission of duly signed utilization certificate on a regular basis.

In consideration of the above, an annual budget of up to ₹. 8,00,000/- (Rupees Eight Lakh only) per year is provided for the financial year 2022-23, and will be released in installments after receiving duly completed MoU and other codal formalities.

The undersigned parties hereby agree and conclude the present agreement:
