

HIMALAYAN INSTITUTE OF MEDICAL SCIENCES

OFFICE OF THE PRINCIPAL

Ref. : HIMS/2024
Date : 29th July 2024

NOTICE

Allied Health PG Programmes are required to attend a session being organized by Department of Clinical Research on "Early Research Orientation" from 10:30 am to 12:00 am on 5th August 2024 in the Classroom at Department of Clinical Research It is mandatory for all students to attend the session.

Report on Early Research Orientation Lecture

Name of activity: Early Research Orientation Lecture

Date: 5 August 2024

Facilitator: Prof. Asha Chandola Saklani

Venue: Clinical Research Department, HIMS

No. of Participants: 15

Objective:

The primary objective of the lecture was to introduce and guide participants on the fundamentals of early-stage research, including essential skills, methodologies, and best practices for conducting research in clinical and medical sciences.

Summary:

Prof. Asha Chandola Saklani delivered an insightful lecture on the importance of early research orientation for budding researchers. She emphasized the significance of developing a strong foundation in research methodologies, ethical considerations, and effective data analysis techniques. Prof. Saklani also highlighted practical tips for formulating research questions, designing experiments, and navigating the peer-review process. Her presentation included real-world examples and case studies to illustrate common challenges and successful strategies in early research phases.

Outcome:

The outcomes of the Early Research Orientation Lecture were as follows:

- **Increased awareness:** Participants gained a comprehensive understanding of the critical elements involved in starting a research project.
- **Education:** Attendees learned about research design, methodology, and ethical issues, enhancing their knowledge and skills in these areas.
- **Inspiration:** The lecture inspired participants to approach their research projects with greater confidence and clarity, fostering a proactive attitude towards research challenges.
- **Behavior change:** Some attendees were motivated to refine their research proposals and adopt more rigorous methodologies in their studies.
- **Networking and collaboration:** The event provided opportunities for participants to connect with peers and faculty, potentially leading to collaborative research projects and discussions.
- **Policy impact:** Although indirect, the lecture contributed to shaping the approach of future research practices and standards among the participants.

Overall, the lecture successfully laid the groundwork for participants to embark on their research journeys with a solid understanding of essential research principles and practices.
