**TO WHOM SO EVER IT MAY CONCERN**

It is a matter of great pride for me to testify the candidature of Dr. Anupam Dhasmana who has completed his Ph.D. entitled, "**Environmental Carcinogens Induced Toxicity; Protection by Nanoparticles**" at the Department of Bioengineering, Integral University, Lucknow. He also pursued his Project, entitled "**Attenuation of PAHs induced Toxicity by Nanoparticles**" funded by Indian Council of Medical Research under my co-supervision at King George Medical University, Lucknow. Anupam stands out among his peers for his eagerness to engage in the process of learning and discovery. He bears a good academic record and has trained hands in several *In vitro* techniques like toxicological analysis, PCR, ELISA, Western Blotting, SNP analysis, DNA methylation detection and *In Silico* techniques like Biomolecular Modelling & Drug/Toxicant Interaction analysis with Bio-molecules and Computer Aided Drug & Vaccine Designing. Based on my observation of his abilities, I strongly believe he has the potential to be an outstanding researcher. His methodical approach, logical thinking and ability to work in coordination with his fellow workers make him an appropriate candidate for research.

In addition to his confidence and eagerness to learn, Anupam also made a good impression on me due to his pleasant personality. To the best of my knowledge he possesses a good moral character and he is a man of high integrity. I therefore strongly recommend his candidature for research and wish him all success in his life. Please do not hesitate to contact me for further information.

## TO WHOM SO EVER IT MAY CONCERN

This is to certify that Mr. Anupam Dhasmana is working as a Teaching Assistant in Department of Bioengineering, Faculty of Engineering, Integral University, Lucknow, India from 01/04/213 onwards till date. He has experience of teaching in areas related to Clinical Nutrition, Food Technology, Bioinformatics & other Biotechnology related subjects to B.Tech. Biotechnology and B.Tech. Food Technology students.

Mr. Anupam Dhasmana is an admirable learner and a self-motivated person. His greatest strength is his diligence and determination to carry out the assigned task.

I wish him success in his future endeavors.
