To whom it may concern

This is to certify that **Dr. MUKESH PRASAD** has worked as National Post Doctoral Fellow (NPDF) in the Department of Physics, IIT Roorkee under my mentorship from January 2, 2017 to August 10, 2018. He was an active member of Nuclear Physics research group. During the course of his research work as NPDF at IIT Roorkee, he has published a good number of research papers in the reputed international journals and few other papers are under process. Also, he was actively involved in handling practical classes for the students of B.Tech., M. Sc. and M. Tech. courses in Dept. of Physics, IIT Roorkee. During my interaction with him in the campus academic and extracurricular activities, I found him to be sincere and hard working. He possesses a pleasing personality and good interpersonal skill. His good qualities will certainly make him a successful person in his endeavors, which he will be pursuing either independently or in a team. I am confident that Dr. Mukesh Prasad will be able to perform high quality scientific and academic work. I strongly recommend him for faculty position at your institute.
